## CARTER WILL FIGHT FOR HAWAII

Says Sugar Propaganda Must Be Carried as Far as is Possible

### 82,000 CHILDREN IN FAIR HAWAII TO BE EDUCATED

Under Free Sugar it Cannot be Done Says Carter; Tells Probe of Lobby Expenses

WASHINGTON, June 10.—Former Governor Carter of Hawaii was a witness today in the "insidious lobby" investigation. He said he was sent to Washington by the Honolulu Chamber of Commerce. He testified that he had inserted advertisements in the newspapers opposing free sugar, the advertisement being first examined by the New York agents of the Hawaiian sugar concerns.

Carter said the money was raised to prosecute the campaign by assessing every sugar grower in Hawaii, and that his expenses had been about \$100,000.

"We propose to carry our propaganda as far as we can, for we must save the land of our birth," Carter continued. "Seventy-five per cent of our revenue comes from sugar. We have 82,000 children to educate, and under proposed conditions we cannot do it. You tell us to raise coconuts. We can't."

"I might tell you of my treatment at the White House, but what is the use. I called there and tried to make an engagement for the Hawaiian delegation. The President's secretary refused. Then, as a citizen, I asked to see the President. I was given permission to see him Wednesday. The secretary then told me the President's mind was made up."

## JOHNSON SIGNS LOS ANGELES BOND ACT

Angel City Can Now Vote on Oct. 15 on Power Bond Proposal, Lately Defeated

LOS ANGELES, June 10.—Governor Johnson has signed the amendment to the bond act, passed at the recent session of the legislature, which will permit Los Angeles to vote again on the power bond proposition within six months of the previous election, or on October 15.

Senator Leslie R. Hewitt, who went to Sacramento last week to urge the governor to sign this measure, has arrived home, and yesterday he acquainted city officials with the success of his mission.

Before the bond act was amended it provided that after the defeat of a bond issue a year must elapse before another election could be called on the same proposition. As amended the act allows of a second election after a lapse of six months.

## OREGON RAILROAD COMMISSION VALID

Supreme Court Declares It So; Court Adjourns Without Ruling in Other Rate Cases

WASHINGTON, June 10.—The supreme court today declared as valid the Oregon law of 1907 creating a state railroad commission, and sustained the order made by the commission directing the Portland Railway, Light & Power Company to reduce rates by five cents for fares on interurban divisions.

Adjourned Until Monday  
The supreme court adjourned until Monday without deciding the remaining railroad rate cases.

## Navy Purchases 100,000 Pairs of Sailors' Shoes

WASHINGTON, June 10.—The Navy Department, after an exhaustive investigation of the best shoes for men in the service, today authorized the purchase of an extra 100,000 pairs of shoes for the men of Uncle Sam's ships. The style shoes ordered today were selected only after they had been thoroughly tried out and great satisfaction had been expressed by officers and men. The pattern has proved so popular that Navy Department officials have experienced difficulty in supplying the demand that has risen throughout the rank and file of the navy. The value of the first award, it was announced today, was approximately \$300,000 and it affords a striking example of the gigantic scale upon which the Navy Department does its shoe buying.

## U. P. DISSOLUTION PLANS NOT FAVORED

Atty. Gen. McReynolds Disapproves Proposed Plans Are Too Vague to Meet Order

WASHINGTON, June 10.—Attorney General George McReynolds disapproves both of the two latest plans for the dissolution of the Union Pacific merger, which a few days ago were submitted by the Union Pacific Railroad to the United States court at St. Paul.

The Attorney General will attend the hearing on the plans, to be held at St. Paul on Thursday by Circuit Judges Sanborn, Hook and Smith, and will oppose the adoption of either plan, on the ground that each is too vague to meet the requirements of the Supreme Court's decision ordering the dissolution of the merger under the Sherman law.

## COLD JUNE DAY ON EASTERN SLOPE

States East of Rocky Mountains Had Wintry Weather Yesterday

CHICAGO, June 10.—The coldest weather ever recorded during June in the middle Atlantic and New England states, the Ohio valley and the great lakes region was reported yesterday from the United States weather bureau headquarters at Washington. The gulf states were the only territory east of the Rockies to escape an unseasonable drop.

"A high barometric pressure" was the official reason. Frosts were reported from Vermont, central New York, New England, Pennsylvania, Ohio, Michigan and Wisconsin.

47 Degrees in Chicago  
In Chicago, with the temperature early in the morning at 47 degrees, the coldest three-day period since 1903 was completed. The temperature in New York went down to 47 degrees in the morning. Canada also suffered.

## AUCTION FAMOUS PUBLICITY LAW ASTOR HOUSE EFFECTS DECLARED VALID

Curio Hunters Seek Furniture From Suites Occupied by Many Celebrities

### PRESIDENTS SINCE WAR BUT TAFT ATE AT ASTOR

Old Registers on Which Are Famous Names Will be Kept by Vincent Astor

NEW YORK, June 10.—Curio hunters and their representatives from all over the country gathered here today to bid for the famous old Astor House belongings. Besides the professional curio buyers and sellers there was a goodly number of private collectors on hand to bid for the effects and furnishings of what is perhaps the most famous old hostelry in the United States.

Among some of the relics placed under the hammer today were chairs which furnished the suite of rooms in which the late King Edward, then Prince of Wales, occupied. The furnishings of the suite occupied by the Grand Duke Alexis of Russia, and many articles of furniture in the suites occupied at various times by Henry Clay, Zachary Taylor, the famous Jenny Lind, Fenimore Cooper, Walt Whitman, Winfield Scott, Edgar Allen Poe, Andrew Jackson and other celebrities were placed under the hammer today.

Still other curios to be auctioned today were the furnishings of the dining room in which every president of the United States since the civil war with the exception of President Taft, have taken meals. It had been hoped by curio seekers that the old registers in which were written the names of the famous personages who stopped at the Astor House, would be auctioned off, but these, it was said, would be retained by the Astor estate at the request of Vincent Astor, the young head of the long line of millionaires.

## BIG CONTRACT FOR LAYNE AND BOWLER

5,000,000 Gallons of Water Daily to Be Supplied for the San Francisco Exposition

Marion R. Shipley, Orange county representative of the Layne & Bowler Corporation, with offices in the Central Building, opposite the City Hall, is always proud and happy over his growing business in Orange county and the general satisfaction his company's pumping machinery is giving. But he is especially delighting himself today over the receipt of the news contained in the following San Francisco dispatch:

"SAN FRANCISCO, June 9.—The Layne & Bowler Corporation of Los Angeles has been awarded the contract for the development of the water from wells to be used on the six hundred acres to be devoted to fair purposes at San Francisco.

"Drilling operations will begin immediately and sufficient wells will be put down to furnish a water supply of approximately 5,000,000 gallons daily. The water will be pumped into a reservoir on the Presidio Heights and will be used for all purposes at the fair grounds, such as watering lawns, boiler and domestic purposes, fountains, waterfalls, and all other purposes for which fresh water can be utilized.

"The contract for this development, it is said, was let only after the engineers and fair commissioners had made an exhaustive investigation of all styles of wells and pumps. They were unanimous in their opinion that the Layne & Bowler turbine pumps and patent well screen, together with their water development methods, were far superior to any other system investigated. Layne & Bowler pumps will be used exclusively in connection with this work."

### TAFT LUNCHEON GUEST OF SPEAKER CHAMP CLARK

WASHINGTON, June 10.—Former President Taft was the guest of honor at a luncheon given by Speaker of the House and Mrs. Champ Clark in the speaker's dining room at the capitol yesterday.

Among the guests were Representative and Mrs. Oscar W. Underwood, former Speaker Cannon, Representatives Daltzell and Payne, Colonel and Mrs. Spencer Cosby, Mr. and Mrs. Charles D. Hilles, Mrs. James R. Mann and Miss Mabel Boardman.

All Newspapers Must Publish Statements of Ownership and Circulation

### ALL READING NOTICES TO BE LABELED AS "ADS"

Constitutionality of Law Was Attacked in Test Cases by New York Publishers

WASHINGTON, June 10.—The supreme court declared valid the law requiring newspapers to publish statements of their circulation and ownership. Under this decision all newspaper reading notices must be labeled advertisement.

The constitutionality of the "publicity law" was attacked by the Journal of Commerce and the Lewis Publishing Co., of New York, the latter being publishers of the Morning Telegram, in test suits against Postmaster General Hitchcock and Postmaster Morgan, of New York. They declared the new law abridged the "freedom of the press" and asked for an injunction to avoid compliance with the new regulations.

The government contended that the new law, passed in the postoffice appropriation bill August 24, 1912, did not bar the papers violating it from the mails, but that it cut off their 1-cent-a-pound mailing privileges. Postmaster General Burleson and Attorney General McReynolds recently were enjoined by the court from enforcing the new law until it could render the decision given today.

## CALIFORNIA'S COMMISSION UPHELD

Esleman Says Minnesota Rate Case Decision Ratifies Acts of R. R. Commission

SAN FRANCISCO, June 10.—President John Esleman of the California Railroad Commission, believes the commission's policy in this state regarding rate rulings has been upheld by the supreme court in the Minnesota rate case decisions. He declared the decisions of the California commission lowering freight and passenger rates throughout the state are now immune from further attack.

"The commissioners and the railroads," Esleman said, "have been equally anxious that the principle which regulation of interstate rates involved be finally determined. As far as the California commission is concerned it certainly can only view with pleasure this decision which ratifies every action heretofore taken in matters pertaining to railroad rates."

Esleman continued, regarding the property appraisal feature of the decision: "An important phase of the decision seems to be that the court holds the carriers should be allowed no more than the market value for lands embraced in the rights of way and terminals. It has been the practice to largely give rights of way and terminals in large cities certain values for rate-fixing purposes in excess of their market value. This was arrived at by means of an arbitrary multiple. The supreme court holds the roads are entitled to no more than the market value."

## CLOUDBURST IN IDAHO IS SERIOUS HALTS R. R. TRAFFIC

LEWISTON, Idaho, June 10.—As the result of a cloudburst covering the railroad tracks between Lewiston and Statesville certain values for rate-fixing purposes in excess of their market value. This was arrived at by means of an arbitrary multiple. The supreme court holds the roads are entitled to no more than the market value."

## LOOKING FORWARD TO NEW BUILDING, THE FIRST YEAR'S Y. M. C. A. WORK SUCCESS

Achievements of Last Twelve Months Gone Over at Banquet Last Night-- Membership Is Now 615

The second annual banquet of the Y. M. C. A. of Santa Ana brought together about 120 members of that association at the United Presbyterian Church last night. Reports from the officers showed that the first year's work was strikingly successful, and its success lends encouragement to the plans to have a Y. M. C. A. building in Santa Ana at no distant date. The Y. M. C. A. now has a membership total of 615, of which 86 are in the boys' department. A campaign was inaugurated last night to get in all dues by Saturday night of this week, and to secure as many new members as possible. It is entirely probable that the membership will be 700 by Saturday night.

An excellent banquet was served last night by the ladies of the United Presbyterian Church to the men and youths who were present. Following the bountiful repast, Charles Robinson, president of the association, called on Martin Warren, financial secretary, for a report. That report showed the Y. M. C. A. membership of 615 to be made up of 495 church members and 120 non-church members. Churches are represented as follows: Presbyterian, 127; First Methodist, 105; Congregational, 48; South Methodist, 46; United Presbyterian, 50; Baptist, 63; Reformed Presbyterian, 3; Christian, 21; Episcopal, 10; Evangelical, 14.

The treasurer, Harry Hanson, stated that of the total receipts of \$596.25, the sum of \$290 had been laid aside as a nest-egg for a fund to buy furniture for the new building to be built some time.

C. A. Nummery, county secretary of the Los Angeles County Y. M. C. A., a forceful speaker, delivered a stirring address, typical of the enthusiasm imbued by Y. M. C. A. work.

He declared that the aristocracy of physical domination, the aristocracy of blue blood and the aristocracy of dollars have very little place in this century. The real aristocracy is that of character. Of the three aristocracies mentioned by him only a small

percentage, from seven to twenty, uplift, while the remainder drag down from selfish motives. The new aristocracy is God-made, not man-made. It is a field of larger helpfulness.

"If you expect to be great in the next twenty-five years," said the speaker, "you can be great only in proportion as you unselfishly serve the world. You will be measured according to character."

County Work  
R. J. Hamilton, county secretary of Orange County Y. M. C. A., said that the greatest need of the county Y. M. C. A. at this time is young men who have been through the mill and are capable of leading other young men, perhaps younger than themselves. He said the same need exists in Santa Ana. He described the camps maintained last year by the Y. M. C. A., and gave an outline of the camps planned for this year. He said these camps are not merely for recreation, but that they have a wholesome influence in character building.

The Election  
Officers for the new year as nominated by the nominating committee were elected as follows: President, Harry Warner; vice-president, Charles Hill; secretary, Harold Holzgrafe; financial secretary, Martin Warren; treasurer, Harry Hanson.

Harry Warner delivered a short boosting address. He takes the place of Charles Robinson, who has proven an energetic, capable leader. Robinson is to leave soon for Santa Barbara to attend college.

One of the first addresses of the evening was that of the president, Robinson. That address, since it gives an outline of the work done by the Santa Ana Y. M. C. A. in the last year, follows:

President's Address  
The report of the president of such an organization is necessarily a summing up of the reports of the different officers and committeemen. Yet it is more than that alone, for it is only in bringing together all the reports that

## POINTS OF DECISION MADE BY U. S. SUPREME COURT IN MINNESOTA R. R. RATE CASE

WASHINGTON, June 10.—The state of Minnesota won a substantial victory in the supreme court yesterday, when in the Minnesota state rate case Justice Hughes for the court held that the rates of the Minneapolis and St. Louis railroad were confiscatory and unconstitutional, but that the rates of the Northern Pacific and Great Northern roads were valid. The decision was a victory for the state, with the exception of the portion affecting the Minneapolis and St. Louis railroad.

The decision held that federal judges may properly issue injunctions restraining the enforcement of rates fixed for railroads engaged in interstate traffic by the commodities commission of a commonwealth. Such rates may not become effective until their confiscatory character has been determined by the highest tribunal.

A state has a right, through its railroad commission, to fix intrastate rates, so long as they are reasonable and not confiscatory. If a rate is pronounced confiscatory, the state commission may, at some subsequent time, apply for a modification of any decree issued against it if it can be demonstrated that the railroads are then able to bear the additional burden imposed.

In all matters relating to interstate commerce, the authority of congress to regulate is supreme. This may eventually be extended, by appropriate legislation, to cover all the controversies now involved in the fixing of intrastate rates for interstate carriers. Until congress acts, the several states have full power to legislate for themselves.

The case arose from laws of Minnesota passed in 1907, reducing passenger fares to 2 cents per mile and commodity freight rates 7.37 per cent, with orders of 1906-7 of the Railroad Warehouse Commissioners reducing freight rates about one-fourth, were attacked by the Northern Pacific, Great Northern and Minneapolis & St. Louis railroads.

### Defines States' Rights

WASHINGTON, June 10.—Commenting on the Minnesota rate case, Attorney General McReynolds said: "The decision is an absolute definition of the rights of state public utility commissions. It sets at rest once and for all the question of the right of a state commission to regulate interstate rates."

Senator Nelson of Minnesota said: "I do not think Congress will attempt to take from the states the right to control interstate rates. I heartily agree with the principles laid down, and consider this one of the most important decisions in years."

### Gov. Harmon Jubilant

CINCINNATI, June 10.—Former Governor Harmon is jubilant over the Minnesota rate decision and declares it is an emphatic endorsement of the stand taken by the governors' congress which prepared a brief of the case.

WASHINGTON ROADS DROP DISTRIBUTIVE RATE CASE  
TACOMA, June 10.—The supreme court's decision upholding the contents of the Minnesota railway commission in the rate case means the dropping of the suit brought by the railroads in this state to have the distributive rate case ruling of the Washington public service commission set aside, according to Jesse Jones, who was a member of the commission up to last month, and who sat through the rate hearings.

Charlton, who is the son of Paul Charlton, former judge of Porto Rico, died from Italy. He was arrested at Hoboken, N. J., June 23, 1910, when he stepped from the North German Lloyd liner "Princess Irene." He made no effort to conceal his identity. Later he confessed. Eminent specialists declare him insane. The young man was of prominent and respected parentage. He was born in Omaha September 22, 1888. He worked in a New York bank until April 1, 1910. In early childhood he was said to have been subject to extreme fits of rage. In later years he became solitary and morose, locking himself in his room to read poetry and novels. He developed tuberculosis in 1910. His father was arranging to send him to the army sanitarium in New Mexico when he told of a secret marriage a few weeks before to Mrs. Castle.

Mrs. Charlton was a divorcee, the former wife of a prominent San Francisco attorney. She was twice the age of her husband but described as beautiful and young looking, despite dissipation. The two were married in New York on March 12, 1910. When they told the young man's father of the wedding a violent quarrel followed. On April 15, 1910, Charlton and his bride sailed from New York for Genoa. Charlton's father later received foul and abusive letters from his son, which were rambling and incoherent. Charlton refused to speak to his father when the two met after the boy's arrest at Hoboken. The estrangement has continued although the father has spent a small fortune in attempting to keep his son from being sent back to Italy to a life sentence in Italy's underground prisons where murderers are sent and where they seldom live longer than a few years. Physicians declare it would mean death to the boy within six months because of his weakness.

## CHARLTON IS DENIED U. S. SHELTER

Supreme Court Affirms Lower Court in Refusing Plea for Habeas Corpus

### HOPE FOR WIFE SLAYER BANISHED BY DECISION

Ruling Comes on 3 Years to a Day from Time Mrs. Charlton's Corpse Was Found

WASHINGTON, June 10.—Porter Charlton in all probability must go to Italy for trial for murder, according to a ruling of the U. S. supreme court, made today. The court affirmed the decision of the New Jersey courts in dismissing the application of Porter Charlton, who murdered his wife, formerly Mary Scott Castle of San Francisco, for a writ of habeas corpus to prevent his extradition to Italy to stand trial.

The decision came three years to a day after Mrs. Charlton's body was found in a trunk in Lake Como, Italy. Charlton's father is an intimate friend of former President Taft.

One of the most brutal crimes in European annals was that of Charlton to which he has confessed. But at an Italian village named Malfurzio, was its scene. Hotel employees heard violent quarreling between Mr. and Mrs. Charlton on the night of June 7, 1910. The next day the couple had disappeared. Three days later, Mrs. Charlton's body, beaten and disfigured, was found in Lake Como. The head was crushed into a pulp. A heavy mallet was the instrument of death.

## CAGE SUBMARINE TRIES FOR RECORD STAY UNDER SEA

LONG BEACH, June 10.—The Cage submarine with six passengers descended into the ocean today in an attempt to remain under water for 26 hours and thus break all records. The submarine is due to come up from the bottom of the sea tomorrow evening at 5 o'clock.

The submarine crew was John Cage, Will G. Cage, Guy V. Hoopengartner, Captain Edward Bellinger, Engineer James Marshall and Jack Woolsey Wood.

Messages will be sent from the bottom of the harbor to President Wilson, Secretary of the Navy Daniels, Theodore Roosevelt, Fred R. Hutton, professor of Columbia University, New York, to convince him that, despite his theory, gasoline engines can operate under water, and to Thomas Edison, the wizard who failed to invent a gasoline engine that could work successfully under the surface of the sea.

# DANCES END CELEBRATION

Moose Lodge is Well Pleased With the Success of Yesterday's Affairs

Two grand balls, one at Spurgeon's Hall and one at Moose Hall, ended the celebration of the second anniversary of the Santa Ana Lodge of the Loyal Order of Moose. It was a good-natured crowd of Moose and their wives and friends who tripped the light fantastic until a late hour. The music was excellent, and the joy of living was to be seen in the manner into which the affairs of the day and evening were entered.

The parade ended with the awarding of the first prize of \$20 to H. W. Lantz for the best decorated automobile. Lantz's machine was covered with pink roses.

The baseball game between teams from the Santa Ana and Whittier lodges was a woefully one-sided exhibition. Whittier's team had it all its way, and the score was 21 to 0 in favor of the visitors. There was no stage or department of the game where Santa Ana had a look-in.

Financially and otherwise the lodge finds that the celebration was a success. The visitors all had a good time, and that was the main idea.

# CLEAN-UP MEETING TONIGHT AT CITY HALL--EVERYBODY GO

The public meeting called for this evening by the committees from the Woman's Civic Club and the Chamber of Commerce in charge of the clean-up campaign will open at 7:30 at the city hall. Not only are the superintendents of the committees for the ten precincts of the city urged to be present with their reports of work done and the districts yet to be cleaned, but the public in general is invited to be present and show an interest in the clean-up of 1913.

The committees also request the members of the Realty Board and the members of the Chamber of Commerce, the Merchants & Manufacturers' Association and the city council to be present. Civic Club members are also urged to be out in force.

## JERE KNODE COOK AND MISS WHALEY MARRIED TODAY

**NEW YORK, June 10.**—Jere Knode Cook, untrooked Hempstead clergyman and Floretta Whaley, with whom he eloped six years ago, were married today at Stamford, Conn., by Justice of the Peace Francis Tipper. They returned immediately to New York to greet their two children. Cook declared it the "happiest day of our lives."

When asked whether she would advise other girls to do as she did, Mrs. Cook sounded a solemn warning against unwedded love. She declared that while her case is an exception, the majority are dismal failures.

"I am perfectly happy in my husband's and children's love," Mrs. Cook continued. "Therefore I feel amply repaid for the sacrifices I made. My case worked out in boundless happiness but other cases might not. We suffered terribly in San Francisco and Los Angeles before and after our identity became known. We were never hungry, for Jere always found work. I always knew things would end well and was content, having a firm faith. Now all is well."

## CANAL READY FOR TRAFFIC JAN. 1, '15

Col. Goethals Names Date; Says Canal Could Float Fleet by Oct. 1, '13, if Need Be

**NEW YORK, June 10.**—"By January 1, 1915, anything that floats can pass through the Panama Canal between the Atlantic and the Pacific Oceans," declared Colonel George W. Goethals, chief engineer of the canal zone, who arrived here last night on the steamer Pastores from Colon.

"I shall send a vessel through the canal just as soon as we get water into it," continued the chief engineer. "I promised that the Panama Canal, used by Amundsen in discovering the south pole, should go first, but the initial passage probably will be made by a smaller craft."

"If the United States were confronted with such a grave emergency as war in the Pacific, it would be possible for us to float the Atlantic fleet across the isthmus by October 1, this year, and not before."

He said the trouble still experienced on the isthmus with slides was slight and that all would be right by the time the canal is ready for maritime traffic on January 1, 1915.

## COULD NOT FIND A ROBBER AMONG THEM

This morning Constable Clark of Garden Grove brought K. Kuchi, who lives at the Morton Dairy Company ranch on West First street, to the county jail to look over a number of Mexican prisoners. Last Thursday two men drove Kuchi out of his house with revolvers, searched it and carried away \$3. Kuchi looked the prisoners over but could not find one that he thought was either of the pair that robbed him.

# BIKE THIEVES GETTING BUSY

Officers Think that System of Changing Parts Used to Escape Detection

There is another epidemic of bicycle stealing. The officers are of the opinion that a gang of Mexicans are making a business of that kind of theft. It is supposed that the practice of the thieves is to steal bicycles, change the parts, paint the frame and sell the product of their system in towns other than those in which the original bicycles were stolen.

Sunday night four bicycles were stolen in Santa Ana. Constable Jackson has information that the wheels taken from a bicycle stolen here Friday night were taken to Artesia by a Mexican who rode from here to Artesia Friday night on an electric car. The remainder of the bicycle was found on West Fifth street.

## ENGINEERS FILL PASSENGER LIST VICTORIA LUISE

**NEW YORK, June 10.**—When the Hamburg-American line steamer Victoria Louise sailed from here today practically the entire passenger list was composed of members of the American Society of Mechanical Engineers. The engineers left today to "invade" every industrial center of the German Empire after they have attended the fifty-fourth annual meeting of the Verein Deutscher Ingenieure in Leipzig, which opens June 22, and at which the King of Saxony will preside for the few moments he welcomes the American delegates. There were 200 engineers who sailed today. With them were one hundred or more relatives and friends who will accompany them on their tour of the big industrial establishments throughout Germany.

## Hurrah! This is Extraordinary

Part of 600 Pieces, \$1.65 to \$6.50. Plauen Lace Neckwear.

—Perhaps you remember a lot of neckwear that I presented a month or so ago. Well, that was only a small express shipment of the 600-piece purchase that I made from a New York importer at a startling discount.

—This time I present 240 pieces, another portion of this shipment. I am going to sell every one of them for 75c.

—Some few of the styles have been put in the window, but they don't begin to express the beauty of the collars.

—Let me say positively that they are worth in the regular way from \$1.65 to \$6.50 each and the bulk of them are worth over \$2.50.

—It's without question the greatest lot of neckwear that I've ever been able to present at this price and I've had some good ones.

—Some of the pieces have been displayed in the window, but not the best of them, by any means, but we think the quantity is sufficient to last Wednesday.

—Every piece of neckwear on display in the window will be duplicated many times on the sales table inside.

—Here are chemisettes, yokes, dress sets, sailor collars, quaker collars, hundreds to select from.

—But what's the use trying to describe them. You'll have to see them. It is indeed extraordinary.

Remember this Neckwear is on Sale Wednesday Only.

## COMMUNITY ADVERTISING IMPORTANT

New Comer and Local Merchant Make Remarkable Statements

A remarkable statement was made in the Register office a few days ago by Dr. J. W. Sylvester, who has recently come to Santa Ana from Redlands and opened an office in the Royal block.

"Before I bought a 15-acre orange grove at Redlands," said Dr. Sylvester, "upon which to retire, I had been coming to Southern California for the winter for about fifteen years, and I had never heard of Santa Ana and Orange County until I began to look about a few months ago for a location in which to resume practice."

E. S. Gilbert, the local merchant, was present and heard the statement. "There is no question at all," said Mr. Gilbert, "but that we have been wasting our opportunities for growth and development by not advertising our resources. The other day I met an old friend in Los Angeles. He said he had been living there six years. When I told him where I lived he said, 'Where is Santa Ana?' He had lived in Los Angeles six years and had never heard of Santa Ana."

"Why," chimed in Dr. Sylvester, "boosting and advertising have made Riverside and Redlands and Pasadena and Long Beach bigger and finer towns than Santa Ana is, while Santa Ana has them all beat for climate and resources? I tell you that for fifteen years I had been coming to Southern California and the name Santa Ana was in my mind only in

connection with the Santa Ana River which passed through Riverside and as the name of all the disagreeable winds they have at Redlands, Riverside, Pasadena and Los Angeles."

To be sure, Santa Ana and Orange County are "boosting" these days better than ever before, and these talks are not printed by way of fault-finding, but in order to help the boosters in direct good work, by bringing to public notice the importance of their work.

### CAN YOU DOUBT IT?

When the Proof Can Be So Easily Investigated

When so many grateful citizens of Santa Ana testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Santa Ana says about Doan's Kidney Pills. Can you demand more convincing testimony?

S. H. Whitehead, 607 W. First St., Santa Ana, Cal., says: "For several years I had pain and weakness in my back. Lifting or the least exertion caused me to suffer. If I took cold I was almost disabled by a distressing pain in my back. I had much trouble with the kidney secretions, too. Sometimes they passed too frequently, then again the flow was scanty and painful. I could see a change for the better after I had taken a few doses of Doan's Kidney Pills. It wasn't long before all the ailments were relieved. It has been a long time since I have had any further need of Doan's Kidney Pills. I am in good shape now, and am just as strong as a bull. In Doan's Kidney Pills as I was when I publicly endorsed them several years ago."

## A NEW COMPANY FOR OPENING OF THE NEW THEATRE

**A. G. Spalding**  
"The Cook Center is the greatest advance in base ball construction since the game was originated."

Mr. Spalding won his fame when, as a country boy, in 1878, he pitched for the Rockford (Ill.) team and defeated the great Nationals of Washington, D. C. He has since the United States with an unbroken string of victories. Mr. Spalding subsequently pitched for Boston and Chicago, and was one of the founders of the present National League. Mr. Spalding's record still stands as the pitcher on the Grand National All American team, his combined record of batting and fielding having never been surpassed.

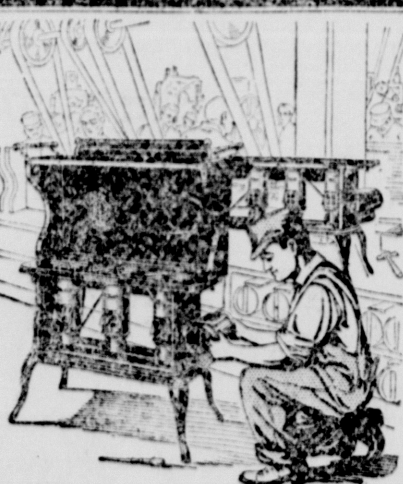

Mr. Spalding gave the Cook Center ball a thorough personal test for two years before he was satisfied that it was suitable for big league use. That his judgment was correct has been sustained by the verdict of the players and the satisfaction of the public who pay to see them play.

Dealers everywhere carry Spalding goods.

The finishing work on the new Auditorium Theater is being rushed to completion as rapidly as a large force of workmen can do it and Manager Fowler now expects to open either on Monday or Tuesday night of next week. The Metropolitan Musical Comedy Company, composed of six tech artists, will open the house and will remain here indefinitely, putting on a repertoire of musical comedies. The company arrived here today and will begin rehearsals tomorrow.

In addition to the musical comedy company there will be three reels of moving pictures shown at every performance. The new playhouse seats between 900 and 1000. Every seat is numbered and they will be sold by number, thus making it possible to engage seats in any part of the house in advance. Most of the seats are upholstered and all command a view of the stage that cannot be obstructed.

## RECEPTION IS GIVEN TO VENTURA VISITOR

ORANGE, June 10.—Miss Grace Flanagan of Ventura, who is visiting here with her aunt, Mrs. A. P. Morey, of 287 North Glasgow street, was the guest of honor at a reception given yesterday by Mrs. W. O. Hart of Nutwood Place. The Embroidery Club members were guests at the affair. The afternoon was pleasantly occupied with embroidery work and social chat. Light refreshments of sherbert and cake were served. Those present were Miss Grace Flanagan, Mrs. A. P. Morey, Mrs. H. S. Huff, Mrs. G. E. Hart, Miss Helen Fullerton, Miss Sadie Sutton and Mrs. W. O. Hart.

Mrs. C. S. Head and son Ralph have returned from Idaho, where they have been spending the last three weeks with Mrs. Head's parents, Mr. Head, who died for them Saturday.

Miss Vivian Parker, a former Orange girl, graduated from the Calverton High School June 6.

H. Diebold and family of Garden Grove spent Sunday at the C. A. Mitchell home on East Chapman avenue.

Mr. Perkenstock and family of Placentia visited here Sunday with Mr. Perkenstock's sister, Mrs. A. M. Smith, and family of East Chapman avenue. The Perkenstocks own a beautiful new residence at Placentia which has just been completed.

A young Orange couple surprised their friends yesterday by slipping away to Los Angeles and getting married. They are Miss Alma L. Erwin, daughter of Mr. and Mrs. W. H. Erwin, and Mr. Fred Schwendeman of the Irvine ranch. They have gone to San Diego on a brief wedding trip and will reside on the Irvine ranch when they return.

Mrs. Leo Hostetter and son, Joe, of San Diego are guests at the F. L. Ainsworth home on East Chapman avenue.

Mrs. A. T. Vance is visiting with friends in Long Beach for a short time.

Mrs. Chas. Jamison and son Neale of Glasco, Kansas, are visiting with relatives in Orange.

Mr. G. Gorath, Jr. of Terre Haute, Indiana, arrived yesterday for a visit with his father, G. Gorath, Sr. of East Palmyra avenue, whom he had not seen for nineteen years. Mr. Gorath will visit a brother in Terra Bella before returning east.

The regular meeting of the Delta Alpha Class of the Methodist Sunday School was held at the home of Miss Beattie Wilkens last evening. After the business meeting an interesting paper was given by Miss Flora Hull, concerning President Woodrow Wilson and his family. The responses to roll call were quotations of the President or family or incidents of interest in their lives. Dainty refreshments were served by the hostess and the meeting adjourned, each one present feeling that a very pleasant and profitable evening had been spent.

Mr. and Mrs. O. Baker of West Anaheim spent Sunday at the A. M. Smith home. Mrs. Baker, who was Miss Ludington, lived in Orange for some time but left here about a year ago.

Mrs. J. C. Winslow of South Jameson street is slightly improved from a stroke of paralysis. Her brother's wife, Mrs. Louis Cornwell of Riverside, was stricken with paralysis a day or two ago. Mrs. Cornwell is quite well known here.

Mr. Nathan W. Robbins resumed his duties as rural mail carrier after a stay of several weeks in the hospital, following an operation.

Mrs. E. C. Yarnell of Santa Ana spent last week in Orange.

Mrs. E. Covington of South Jameson

## HAPPENINGS IN ROME

(By Henry Wood.)

ROME, June 9.—Convinced that Pope Pius X will never be able fully to resume his duties and fearing that any little relaxation may incapacitate him entirely, definite steps are being taken at the Vatican today for the delegation of his authority to some cardinal should an emergency arise.

That the condition of His Holiness, pontifex, grave enough to warrant this, was admitted today at the Vatican. Pope Pius' own obedience, for the first time in his life, of the positive orders for repose given by Professor Marchisiani and Doctor Amici is also interpreted as ample evidence that the Pope himself realizes the seriousness of his condition. That His Holiness is still too badly broken to permit of anything but the semblance of a resumption of his duties is also freely admitted. The doctors have only allowed him to glance over and sign enough papers to prevent the depression of spirits which he would suffer if kept entirely from the exercise of his duties.

Added to this already serious condition, Vatican dignitaries admit their fear of two other elements which may have a critical effect upon the pope's health. The most serious of these is the rapidly approaching Roman summer, which annually is fatal to the aged, and especially to the pope. Since the beginning of the papacy, there has been no pope who has died while in Rome, and it is believed that the pope will die in Rome, which does not permit them to leave the Vatican even to escape the fatal summer months of Rome, all of them have died during this period of the year.

Aside from this the Vatican's celebration of Constantine Year is another source of serious worry to the pontiff.

The Irvine ranch. They have gone to San Diego on a brief wedding trip and will reside on the Irvine ranch when they return.

Mrs. Leo Hostetter and son, Joe, of San Diego are guests at the F. L. Ainsworth home on East Chapman avenue.

ical physicians. This had been Pope Pius' fondest undertaking, and he had set his heart on receiving and blessing personally the thousands of pilgrims from practically every civilized country of the globe. The present condition of His Holiness renders this arduous work absolutely impossible while on the other hand the doctors fear that the disappointment of the pope in not being able to realize this cherished ambition of his career may be even more dangerous. For the moment, it is hoped that this difficulty has been overcome. Hereafter the pilgrims will be lined up in the Vatican Gardens and His Holiness will then pass by them in a carriage, extending the usual blessing but dispensing with the ring kissing.

In the meantime, however, Cardinal Merry del Val is making all of the arrangements necessary for the delegation of the pontifical authority. Should this eventually become necessary it is generally believed that the choice of Pope Pius would fall upon one of the three cardinals. It might be Merry del Val, the papal secretary of state, Cardinal Pompili, whom the pope recently created his vicar for the administration of the affairs of the diocese of Rome, and to whom Pope Pius has entrusted the carrying out of all of the big religious reforms of his pontificate.

Should, however, a delegation of the pontifical authority become necessary, there is no one at Rome but believes it would be for a very short time only as even a necessity, it is believed, would be quickly fatal to Pope Pius, who has stated repeatedly to his intimates that he would rather die than remain in a condition in which he could no longer be of full service to the church.

### BEET SUGAR MEN FLAY REFINERIES

Fairness to the beet sugar interests impels the presentation of their arguments in refutation of the proposition to free the raw cane sugar three years hence. In a well-edited series of questions and answers, contained in a large pamphlet entitled "Get-the Facts," the domestic sugar producers have issued a striking compilation that bears heavily on the case against the refineries, revealing that the cane sugar is being sold at a price lower than the beet sugar, and that the refineries are not only receiving a subsidy from the government, but are also receiving a subsidy from the beet sugar producers.

Among other pertinent statements it is charged that the refineries can produce the beet sugar industry only by means of raw sugar free of duty, a position which the domestic beet sugar producers have long controlled has so lowered the price in Chicago and other interior cities that it has caused injury to the refineries to such an extent that a portion of the year, with the whole-sale price at a lower point than under the free sugar and domestic bounty of the McKinley bill the United States has been enabled through the beet sugar competition to be entirely independent of European values and to secure a point below the parity of the world's price as fixed at Hamburg.

As a result of these conditions, the refineries, it is asserted, have been doing business on a smaller margin of profit than in many years. In 1902, for instance, when the country had free sugar the average wholesale price of refined sugar was 4.25 cents. But twenty years later in February and March, 1913, with a duty yielding the United States treasury \$1,000,000 a year, the average wholesale price of refined sugar was 4.25 cents.

### WILSON'S CHARGE AGAINST THE LOBBYISTS

President Wilson has sent out a message throughout the country claiming that there is a "terrible lobby" at work in Washington trying to defeat his tariff bill. The fact of it is that whenever a tariff bill is pending before congress those interests that are affected by the proposed tariff always send representatives to Washington to prevent legislation that would be harmful to their business. This, however, seems to be nothing more than right. Even way back in the days of Daniel Webster congress decided that the people had a right to be heard before congress and to petition the same.

It isn't a question of a lobby—that is certain; it is simply a question of whether corrupt methods are being employed, such as coercion, intimidation, bribery, etc. It may be only a question of political expediency—an effort to create the impression that powerful and corrupt influences are at work in an effort to defeat a popularly beneficial measure. And even so it may be.

With the danger of war removed, deposits are streaming back into the German savings banks. On June 1, the German savings banks had deposits aggregating \$50,000,000, about \$10,000,000 less than the same time a year previous. This money is now being returned to the banks by timid depositors, who feared panics or that the government might seize upon the money in event of war.

According to figures compiled here and published today, women principally are the best customers of Swiss export trade. Switzerland exported fine lingerie, embroidered tablecloths, napkins, handkerchiefs, etc., to the amount of nearly \$50,000,000 in 1912. This trade heads the annual export list just issued by the government. The export of cheese, condensed milk and Swiss chocolate amounted to approximately \$30,000,000.

That King Nicholas of Montenegro literally held up the European powers until he got an almost unbelievable sum for the surrender of Sen-tari, and that some of the powers have already paid and others have agreed to pay their share, rather than take chances on a general European war, are the charges being openly made here today. Nicholas is alleged to have played heavily on the Paris Bourse and won millions the day before he sent the note to Sir Edward Grey that he would give in to the powers.

Giving up your seat in cars, or "courtesy as a business," is a new "trade" which has just been discovered here. A middle-aged man, poorly clad, gets up and offers his seat to ladies. After his courtesy is accepted, he leans over and whispers, "I am only a poor devil, perhaps you might like to return my fare." It came to the ears of the police. Upon being interrogated, he said he had made his living by this "trade" for many months. Some days "business was bad" for the man who commercialized his courtesy, but he never averaged less than \$5.00 per week, which is no small sum in economical Germany.

Congratulatory letters are still being received from Socialist organizations all over the world by Dr. Karl Liebknecht, whose recent revelations in the Reichstag concerning the "armament ring" caused an international sensation.

"I am instructed to offer you the sincere thanks and congratulations of the British Socialist party," wrote the secretary of that organization from London, "for your courageous and patriotic exposure of the improper and dangerous action, by government officials and agents of great private firms, with the object of creating a war scare both in Germany and in France, and in order to increase expenditure upon unnecessary and burdensome armaments. We had bitter experience here in Great Britain of similar tactics, on the part of our own government, prior to and during the infamous war against the Boer republics of South Africa. In this worthy endeavor to further the great cause of international peace, the German Social-Democratic party and yourself can rely upon the vigorous support of Socialists on this side of the North Sea."

### Woman's Fads and Fancies

By Margaret Mason  
(Written for the United Press.)  
NEW YORK, June 10.—The best line on summer fashions is the wash line. You are quite safe in clothes pinning your faith to the divers laundry loving fabrics that now reveal their unshrinkable and fadeless charms on smart shop counters. They all rise triumphant as Venus from the sands and defy even an amateur wash artist to rub her worst.

Time was when a cotton print, a calico or a seersucker made up the despised wash adjunct to midday's wardrobe and was doctored only for morning housework wear. Now you may find a wash counterpart for almost every fabric of the loom. Even the exquisite velvet broche of the winter is aped amazingly by the broad-clothed cotton eponge. The pompadour cotton voiles and French crepes are adorable and floral bordered organdies, silk mullis and batistes are sheer delights.

Charming are the embroidered cotton crepes and voiles on which tiny nosegays are scattered in his relief. These are found only in the more expensive imported materials whose unshrinkable propensities will act inversely on your purse. Home grown printed products can be utilized with quite as stunning results, however. Only a close inspection will reveal the difference between printed domestic bouquets and the embossed imported flora.

What's the use of fast colors if they don't run? The fadeless dyes of the Futurist eponge, ratine and wash silks will easily win in a walk, however. It is bound to be a high-colored summer and this ought to bring cheer to the damsel whose sunburned countenance has heretofore added the only vivid color note to her warm weather attire. The erstwhile virgin whiteness of the lacy lingerie gowns are livened by bright hued silken girdles and many are embroidered a la Bulgaria.

Quite the newest and smartest effect is the combination of a very thin material and a very heavy one. For example, a voile trimmed in a contrasting tone of ratine. Some of the new fabrics come woven in such combinations, particularly the fine French crepes striped or bordered with ratine.

All shades of blue from peacock to heavenly are the favorite tones for your summer frocks. What could be cooler or more effective when the mercury begins to rise than a soft old blue crepe girdled with a silken sash of Hunter's green, and flat collars and cuffs of blue eyeleted Madeira embroidery finishing the V shaped neck and elbow sleeves. Lincens come in perfect shades this summer but for the separate skirt (and no hot weather outfit should be shy one) it were wiser to stick to the white or natural colored linen. These are due to live on and last you sundry summers, but the way bright

hues are being worked overtime presages a sharp drawing of the color line ere another summer dawns. L-a-c-e spells the last word for summer evening gowns. With baby waists, the lace flaring an underslip of white chamoise or one of pastel pink or blue, they are youthful, fairy-like but not for you if you have a woman's weigh over two hundred pounds. If you boast svelte like proportions and one of these lace gowns too, it will be woe to the bachelor beau who finds you on a piazza and a moonlight night. His heart is sure to be snared in Chantilly mesh or pierced with a Van Dyke point.

Lace anyhow, any kind, and any where is much to be desired. From the top of your lace parasol to the lace brim of your hat, your lace frock and lace hose even down to your shoelace all is laced except your waist. She is ultra smart indeed who even laces her fingertips.

Madame La Mode knows when her nose needs attention (sartorial attention of course). The monchoir of the moment, or in other words the "hanky" that is right up to snuff must have its bit of color as well as the rest of the costume. Either the narrow hemstitched edge is of a pastel tint or cross bars of color brighten up the entire bit of linen. Cunning little pink rose buds and azure forget-me-nots embroider sheer little handkerchiefs, a square of posy for your nose.

The very newest handkerchief shows a monogram bold of color and design. One in lavender and green with a violet border is sure to win by a nose. Dainty ones with tiny hand rolled hems cross stitched in color with an initial to match are chic enough for the most fastidious nasal appendage and not to be sniffed at.

## SILVER ANNIVERSARY

Pomona College Commencement Will Be of Extraordinary Interest This Year

Santa Ana has always taken a peculiar interest in Pomona College as this city has sent such a large quota of students to that institution each year. To many people of this city the commencement exercises of Pomona College, aside from those having children there, will be interesting this year because of the particular feature styled as "The Pageant," and because this is the silver or twenty-fifth anniversary of the college.

The Pageant will give a realistic review of the history of Pomona Valley, the city of Claremont and the college, with the last scene symbolical of the part the community and the college in their relation to the world, hope to play in the future. The entire pageant will be dramatic and will introduce symbolic dances, Indian and Spanish features, a bonfire scene, the opening of the college with some of the speakers present at the beginning, and so on through interesting specialties. In the final scene, Ellen Beach Yaw, representing the Spirit of California, will sing her new Lark Song, never sung before west of New York city. Electric effects, the appearance of the Spirit of the Mountains, the Spirit of Pomona and other symbolic representations will unite in a spectacular closing to the Pageant. The whole production is to be given in the open air theater which will form a most beautiful setting for the unusual spectacle. The Pageant will be presented on Tuesday, June 17, at 3:30 and 8 p. m.

On Monday, June 16, the Senior Class will produce the annual class day play, "The Pioneers."

## Whist Party

Progressive whist was played last night at the home of Mr. and Mrs. George Beckman, who entertained a few friends and neighbors in honor of Mr. and Mrs. Verne Bishop, who will soon leave Santa Ana for residence in Imperial Valley.

Mrs. Bishop was the successful prize winner after an interesting succession of games. The pleasures of card-playing were alternated with social converse and the serving of delicious ice cream and cake by the hostess. Pink and white, the colors of the sweet peas and Shasta daisies used in the rooms, were also seen in the refreshments.

Those present last evening besides the host and hostess were Mr. and Mrs. Arthur Hall, Mr. and Mrs. Verne Bishop, Mr. and Mrs. Al Dresser, Mr. and Mrs. George Cole, Mr. and Mrs. Ray Dresser, Mr. and Mrs. C. L. Tibbitts.

## Entertained Her Pupils

Miss Myrtle Wilson recently entertained the pupils of the eighth grade of Roosevelt school at her home, No. 645 North Birch street. She adorned the rooms in green and white, the class colors, carrying the tints used in house decoration, into the dainty refreshments of ice cream and cake.

There were thirty-six of the school children present and a jolly time was had, merry games suitable to the occasion being played. An unexpected but delightful feature of the evening to Miss Wilson was the presentation to her of two souvenir spoons, one each from the boys and girls. The handsome gifts significant of the regard of the children for their teacher were greatly appreciated by Miss Wilson.

## MERRY "PINAFORE" HERE

Local People to Produce Tunesful Light Opera; Good Musical Cast Insures Success

Another rehearsal of "Pinafore," which will be put on here the last of this month by Herman Reuter, was held last night. There is every prospect that the production will be popular among local people, and from the talent gathered together there is no question but what it will be a success.

Mrs. Fred Chapman is the pianist, and Charles Pike of Los Angeles is the director of music. The scenery will be procured in Los Angeles.

At the rehearsal last night at the opera house were Mrs. Russell Coleman, who will sing the leading soprano role of "Josephine"; Mr. Thomas M. Govan, who sings "Sir Joseph"; Misses Ethel Wilson, Eva Payne, Ruby Kraschel, Blanche Irvine, Julia Walker, Miss Schumacher, Violet Lloyd, Irene Peckham, Alma Barnett; Messrs. Lloyd Babbitt, Fred Chapman, William T. Sexton, Charles Deaver, Merle Ramsey, Earl Coleman, Errol D. Lucas, G. Robert Parker.

Miss Rena McDonald of Los Angeles, Miss La Rue Pippas, Raymond Miller, Maurice Phillips, Clifford Johnson, are principals. Others in the chorus are Misses Amy Bent, Messrs. Elmer Thompson, Ed Nelson, Fred Rowlands, Wilfred Palmer, Mr. Gill, Shirley Kennedy, Walter Gully, Harold Scott.

For Mrs. Young and Miss Conkle Tomorrow afternoon when the ladies of the Missionary Society of the First Christian church meet at 2:30 o'clock in the church parlor, they will hold the regular missionary meeting, then turn the gathering into a reception for Mrs. C. A. Young, the wife of a former popular pastor of the church here, and Miss Etta Conkle, who is studying to become a missionary for the church, and who recently returned home from the University of California. Mrs. Young is now residing at Berkeley, where her daughter was recently married.

## Personals

Mr. and Mrs. P. G. Hunter are leaving for Detroit, Mich., on a visit to their former place and relatives and friends. Mr. Hunter will be away for three months, but Mr. Hunter will return to Santa Ana in a month.

J. M. Cartwright writes from San Diego to have his Register discontinued at that address and delivered at 2209 Bush street, Santa Ana. He will be home tomorrow.

The Misses Cotter, who have been living at Young Apartments, Grand avenue at Seventeenth, Los Angeles, will remove June 14 to "Pine Arms," 912 South Figueroa street, Los Angeles.

Mrs. Alice Breeding went to Los Angeles this morning to visit her sister, Mrs. Abbie Wilcox, for a few days.

Mr. and Mrs. J. J. Van Wyk, of 1109 French street, left this morning for Boy City, Iowa. They are going for the benefit of Mrs. Wyk's health and will be gone about two months.

Mr. C. A. Barton of Newport Beach was in town on business today.

**STENOGRAPHY DEMONSTRATION**

Mr. P. Walterscheid will appear before the student body of Orange County Business College tomorrow (Wednesday) at 9 o'clock to demonstrate what can be done with Stenography or Machine Shorthand, which has revolutionized the art of verbatim reporting in the East and seems destined to displace shorthand by the pencil and note book method entirely. All who are interested will be welcome at this demonstration at the local Business College Hall at 9 a. m. tomorrow.

Tustin Frost Protection League

There will be a meeting for orchardists and all persons interested in protection from frost, at the packing house of the Tustin Hills Citrus Association on Friday evening, June 13, 1913, at 7 p. m. to witness a demonstration of various orchard heaters. It is important that every one intending to protect their orchards this winter should make arrangements AT ONCE by purchasing heaters and providing oil storage tanks and all necessary equipment. Don't wait till the frost. Also growers are advised not to purchase any particular make of heater until they have thoroughly tested out each one.

## LINCOLN LEADS GRAMMAR SCHOOL BASEBALL LEAGUE

Lincoln leads the city grammar school league with several more games yet to play. Lincoln now has a thousand per cent. Spurgeon is second, but Jefferson hopes to get ahead of her by Friday, as the latter school plays Roosevelt Wednesday, McKinley on Thursday, and Spurgeon on Friday. All of these games Jefferson is confident of winning; but next Monday they play Lincoln again. This ought to be a good game.

On Monday afternoon Jefferson surprised everybody by defeating Spurgeon 29 to 4. This was hardly a fair game because Spurgeon was handicapped by the loss of players and they were unfamiliar with the grounds.

**NOTICE TO CONTRACTORS**

Sealed bids for the improvement of a portion of Huntington Beach Road, will be received by the Board of Supervisors of the County of Orange, State of California, up to 2 o'clock p. m. of June 24, 1913, at their office in Santa Ana, to be there publicly opened and read.

The work is to be done in accordance with specifications on file in the office of the Board of Supervisors and plans, profiles and specifications in the office of the County Highway Commission, in the County Court House.

Copies of plans, profiles and specifications and also blank forms suitable for use in bidding on said work may be obtained in the office of said Highway Commission, and no bid will be considered which is not in accordance with the form herein referred to.

Each bid must be accompanied by a certified check in the amount of five (5) per cent of the total of the bid, made payable to the County of Orange, as a guarantee that the bidder, if successful, will enter into a contract satisfactory to said Board of Supervisors, and in addition thereto, the successful bidder will be required to file a bond in the sum of twenty-five (25) per cent of the amount of the contract, with sureties satisfactory to said Board, as a guarantee of faithful performance of the contract, and a further bond in the sum of fifty (50) per cent of the amount of the contract, with acceptable sureties, to secure the payment of laborers, materialmen, etc.

The Board of Supervisors reserves the right to reject any and all bids not deemed advantageous to the County.

By order of the Board of Supervisors of the County of Orange, State of California, made June 4, 1913.

W. B. WILLIAMS, (Seal) Clerk and ex-officio Clerk of the Board of Supervisors.

## FIXING PHYSICAL VALUE OF RAILROADS IS \$6,000 A YEAR JOB--MEN ARE HARD TO FIND

WASHINGTON, June 10.—Civil service jobs at \$6000 a year. It's rather an attractive bait for Uncle Sam to dangle before his citizens in these days of high living and high cost of living.

But there isn't any stampede today for these particular high-salaried jobs. In fact there are more than enough jobs for the available supply of men. Highways and byways today are being scraped by the government in a desperate effort to secure enough men to fill the positions. The biggest "man hunt" in the history of the government is in progress to find men, with the big salary as a bait, who are big enough to hold down the \$6000 jobs and earn the fat salaries.

Making physical valuation of railroads and other common carriers is the mammoth task for which the big federal salaries are offered. The Interstate Commerce Commission is culling and sorting men in an effort to find the right ones for the right places in the biggest work undertaken by the government since the Panama canal was started. The government is handicapped by hard and fast civil service rules in its search for competent men.

The special engineering board of five men appointed by the Interstate Commerce Commission to boss the physical valuation job has charge of selection of the corps. Today the board is framing details to secure the necessary force of skilled engineers, expert draughtsmen, accountants, surveyors, rodmen and other technical assistants.

President Wilson is demanding that the civil service rules be strictly observed in selecting the physical valuation employees. He let down the bars only far enough for the five engineers of the governing board. These five men will devote all of their time to the valuation work. Their salaries are secret, but are said to be \$10,000 a year each, about one-half or one-third of what they have received in private practice. All are experts. They accepted the appointments from the Interstate Commerce Commission because of patriotic desire to serve the government in the big work; also for the personal advertising that will accrue.

The engineers have requested the Civil Service Commission to frame a new list of examinations for the special employees required for the valuation work. They have asked the commission to increase the entrance salaries to \$6000 for the higher grades of engineers, demanded men who can inspect a railroad track and tell how much per mile it cost to build—and other employees ranging from \$5000 down to \$2000 a year.

The physical valuation engineers

believe they can secure the necessary men if the examinations are not made too stiff and if large enough salaries are offered. They are asking the Commission, in the civil service examinations, to allow applicants a "weight" of 50 per cent for experience, a large per cent for collegiate work and the remainder along the usual examination lines. They want a premium placed, however, upon actual engineering experience. They want tried, proven men. Applicants with all theory and little experience have small chance of being selected for the work. Those with no experience have no chance at all.

There will be no sinecures in the physical valuation service. But it offers one of the greatest, if not the greatest, opportunity in the government service in years; also it promises life employment, although Congress prescribed that the valuation work must be completed within five years. Continual re-valuations and new valuations, keeping all data right up to date, is expected to make the physical valuation bureau a permanent fixture under the Interstate Commerce Commission.

Three separate and distinct valuations of common carriers' property must be made by the physical valuation board. One must show the original cost of construction, another the "production" cost—the cost of replacing brand new railroads now in existence. Another valuation must show the value of the railroads as "going concerns." Every foot of railroad track in the country must be gone over by the commission. "Streaks of rust" and up-to-date systems must be appraised alike.

In addition to the railroads, property of 25,000 telephone companies in the United States must be appraised, as well as property of all other common carriers. All of the information will be the basis for rate changes by the Interstate Commerce Commission. Instead of guessing at fair rates, the commission proposes to have exact, expert, detailed information upon which to base the revenues of railroads. In calculating rates which will give fair, reasonable returns to the carriers.

ELLEN BEACH YAW WILL AID SINGERS WITH SCHOLARSHIPS

LOS ANGELES, June 10.—Four scholarships will be given by Ellen Beach Yaw to young women who can not afford to pay tuition in the new summer school of singing which she is about to open. Madame Yaw is planning to erect a building in connection with the school where scenes from operas will be given. The public will be invited.

## LOOKING FORWARD TO NEW BUILDING

(CONTINUED FROM PAGE ONE)

we gain a fair perspective of what we have really accomplished. The report of a single department might sometimes be discouraging, yet the work when viewed as a whole, is a series of accomplishments which should be an inspiration to all of us.

Santa Ana is eminently a social community, and our sociability is of such a high type that it forms one of the valuable assets of our city. In this department our association has kept up to the high standards set by the community. Our social department is deserving of much praise for their excellent work in promoting union young people's socials. Three such events have proven record breakers in size and in delightful entertainment. Our first annual banquet of a year ago, and the present pleasant occasion represent largely the work of the social department. Besides these larger undertakings, there have been many very informal smaller socials, among which the "Swap Social" is one long to be remembered. A series of socials last fall did much to increase the interest in the boys' department and helped in promoting the work of the Boy Scouts.

In a series of fifteen games, the young men of the various churches of Santa Ana met in friendly rivalry at basket ball. When the team from the First Presbyterian Church won the pennant it was by fair, clean play, and only after a hard and close contest. Although some difficulties were encountered in the summer basketball series, yet it is to the credit of our athletic department that this stands out as a series of games where our young men could enjoy baseball without playing on Sunday. Outside of high school games, this is the only basketball series for several years which has given our young men a chance to play on any other day than Sunday.

In bringing the Schubert Concert Company, The All Star Jubilee Quartette, Mr. Williams, the magician, and Mr. Austin, the "Yellowstone" lecturer, we have made a contribution which has been both of educational value and has afforded much wholesome entertainment.

The work among the younger boys has, we feel, been efficient, and not spectacular. The athletic work has been largely delegated to the Orange County Triangle League, and all of us felt proud of the work which our county secretary, Mr. Hamilton, has accomplished through that organization. Moreover, it will mean much to Santa Ana, five years from now that the Boy Scout work has been started in such a sane and useful, and such wholesome leadership, and such high Christian ideals have been established from the very start. Scout organization has been advised only where there were leaders available who had the ability to work with boys and who were willing to give to the work the time and study which it both merits and requires.

In a city so well churched as is Santa Ana, it might seem that there were no need for the religious department of the Y. M. C. A. However, such is far from being the case. The Y. M. C. A. affords a central interdenominational organization through which the churches may often cooperate to the benefit of the whole community. Most of our religious meetings have been of this sort. Meetings have been held at the First Methodist, the Christian, and the Methodist, South, churches, under the auspices of the Y. M. C. A. and more young men have attended than would have had they been held under the immediate direction of the individual churches. At a meeting held in the First Presbyterian Church, addressed by Arthur Ruch, a Y. M. C. A. secretary from China, a collection of \$300 was taken for the work of the association in the foreign field. The union meeting in the opera house, under auspices of the Y. M. C. A., last summer was one of the high water marks of popular enthusiasm during the past year. Besides there was a series of seven meetings in the spring of 1912 at which a group of about fifteen young men were trained in Sunday school methods, and interest started and actual instruction given by Boy Scout work. Last fall there was a short series of Monday evening meetings at which particularly the social phases of Christian living were discussed. A series of meetings this spring has been attended almost entirely by young men, and although the attendance has not been large, the meetings have been interesting, helpful and thoroughly worth while. The speakers have included Profs. Cranston and McMath, Mr. L. P. Hickox, Mr. H. L. Hanson, Atty. H. J. Porgy, Sec'y Dennis of Y. M. C. A. of U. S. C. A., and Mr. C. A. Commerce, county secretary of Los Angeles county. When viewed in the aggregate such work has been more extensive and comprehensive than many of us realized at the time, and the number of lives strengthened by these meetings will never be known.

The work accomplished by the employment committee has been very gratifying, and Mr. R. R. Smith has proven one of the most faithful and constant workers. Mr. Smith has secured employment for 130 persons of which record has been kept. This work has brought in at least \$1300 to the men finding employment. Besides these there are a good many of which no record has been kept, and also several have secured work which has proven permanent.

Reports of the treasurer and of the membership department have been given and need not be repeated here. In looking back over the year's work, we of the cabinet realize that we have fallen short of many things which we hoped to accomplish, yet when we view the work as a whole, recall the hearty support we have received at all times, and the absolute harmony and cooperation which has always been present, we feel that the past year's work has been a great pleasure, and we know that it has been more than worth while; and as we look towards the future we feel that this year's experience should be but the stepping stone to greater achievements, each year being better than those preceding.

**LOS ANGELES PRODUCE MARKET**  
Practically all varieties of deciduous fruits except nectarines and grapes have been received, and they are expected in soon. The grape crop promises to be large this season. In view of the fact that the peach production is expected to be good, it is probable that there will be a fair crop of nectarines this season. The fruit is regarded with great favor because of its delicate flavor.

Peaches received yesterday were of better quality and there was no particular change in price. A few plums are coming in. Some of the Clayman variety was offered at \$2 a box. The average price is around 7 to 9 cents a pound. Shipments from the San Joaquin valley have added considerably to the quantity and quality of some of the fruit on the market. Apricots were in good supply and the market was a shade easier. Plums are coming in steadily. Cherries were cheap, as the market was rather oversupplied. Currants were a shade easier, and should decline appreciably in a few days, if receipts continue to increase. Blackberries were offered in a little lower. Gooseberries were cheap. The demand for all kinds of fruit is expected to grow greatly with the coming of warmer weather.

The market was rather oversupplied with summer squash. Old potatoes are advancing, the best bringing as high as \$1.40 a sack. New potatoes are still easy, but likely to advance in a few days. Asparagus was a little cheaper, owing to better receipts from the north and a rather dull demand. Cabbage and lettuce are in excellent supply. Imperial tomatoes were steady.

There have been no changes in the prices of butter and eggs for some time, but a definite movement upward is in prospect soon. Extras butter was offered at 29 cents.

## NOTICE OF GUARDIAN'S SALE OF REAL ESTATE AT PRIVATE SALE

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the Matter of the Estate of Allen Hess, a Minor.  
Notice is hereby given that in pursuance of an order of the Superior Court of the County of Los Angeles, State of California, made on the 24th day of April, 1913, in the matter of the Estate of Allen Hess, a minor, the undersigned, the guardian of the estate of Allen Hess, a minor, will sell at private sale, in one parcel, to the highest bidder upon the terms and conditions hereinafter mentioned, and subject to confirmation by the said Superior Court on the 15th day of June, 1913, all the right, title, interest and estate of the said Allen Hess, a minor, which is an undivided one (1-5) interest in the real property described in the real property hereinafter described, subject to a life interest and mortgage of \$150,000, in the sum of Fifteen Hundred and Forty (\$154.00) Dollars, on the whole of said estate, and all interest which said minor has by operation of law or otherwise, in and to the real property, or parcel of land situated, lying and being in the County of Orange, State of California, and particularly describes as follows, to-wit:

A one-fifth (1-5) interest in the remainder of the East half (E 1/2) of the Southeast Quarter (SE 1/4) of Section Eight (8), Township Four (4) North, Range Eleven (11) West, S. B. E. 11, estimated to contain Twenty (20) acres; reserving therefrom for roads, railroads and ditches, a strip of land thirty (30) feet along adjoining each side of the townships, range and section lines, subject to a mortgage of Fifteen Hundred and Forty (\$154.00) Dollars, and also subject to a life estate during the life of Felix Hess. Terms and conditions of sale: Cash in Gold coin of the United States, ten per cent (10 per cent) of the purchase money to be paid at the time of sale, the balance on confirmation of sale; deeds and abstracts at all state and county taxes and assessments and incumbrances of whatever name or nature, which are now or hereafter may become chargeable to or lien against the property purchased by him.

All bids must be in writing and left at the office of Joseph Musgrove, at 212 Exchange Building, Los Angeles, California, or may be filed with the Clerk of this Court, at any time after the publication of this matter and before the sale hereof.

Dated this 26th day of May, 1913.  
JOSEPH MUSGROVE, Attorney for Allen Hess, a minor.

## TO ESTABLISH FISH CANNERY

Catalina Island Sporting Law  
Will Work Hardship on This  
County's Coast

There is a probability that a fish cannery and drier will be established at Serra. A German fisherman named Koetsel has located there, and says that he is going to put out a number of boats and go into the fishing business on a large scale. At present he has one boat in operation.

There is every reason to believe that the Orange county coast is going to be worked continually by market fishermen. The last legislature passed a law prohibiting market fishing within three miles of Catalina Island. That law will undoubtedly send the market fishermen to new waters, and this county is likely to suffer. Last week a fleet of San Pedro boats was off Newport Beach, and scores of tons of fish were taken with longline nets.

## AN AFFIDAVIT NOT A BOND

Sheriff Ruddock Says He Knew  
Exactly What He Was Doing  
When He Let Free Out

"I knew what I was doing when I turned Charles Free out," said Sheriff Ruddock.

"I did not issue a bond," said Justice Landell of San Juan Capistrano. "I merely took the acknowledgment of Frank and John Forster that they were worth over \$200 apiece, which they certainly are."

"No bond has been issued," said Justice Cox, "and Justice Landell had no authority in the case." These are some of the statements that have been made today. Charles Free, mission blacksmith, charged with disturbing the peace, was turned out of jail Saturday. John and Frank Forster went before Justice Landell and made affidavit that they would become sureties for Free's appearance. Landell took his pen and crossed out that portion of the document that said he approved the bond. All he left was enough to show that he took the acknowledgment, which any notary public could take.

John Forster telephoned to Sheriff Ruddock and told him he and his brother Frank were sending up the affidavits.

"Your word is good enough with me for \$200," replied the sheriff.

Justice Cox declined to enter the document on his books. He said it was not a bond. This morning he so notified the sheriff.

"I know that it is not a bond," said the sheriff. "Free will be in your court on June 19, or the Forster boys will present \$200. That is all there is to it."

Landell says he did not attempt to make a bond. In fact, by crossing out the words "approved by me" he specifically did not make a bond. He declares it is his duty to take acknowledgments when requested to take them, whatever the subject, and that his act was in no way entering upon the jurisdiction of Justice Cox. Justice Cox has the document, but he refuses steadfastly to do anything with it. If Free shows up, as he probably will, everything will be lovely, and the document will go to the waste basket.

Free owns a blacksmith shop at San Juan Capistrano and a gasoline launch at Serra, so the probabilities that he will leave the country are small.

## STANTON WILL HOLD ELECTION ON JULY 2

The City Trustees of Stanton have set July 12 as the day for holding the election upon the proposal to change the boundary lines of the municipality. Under the petition that has been filed and acted upon about one-half of the present territory within the city limits will be released and again become county territory. The one-half that is proposed to be released is the north half of the city.

### MEN MUST LEGALLY OWN TO PARENTAGE

Judge Wilbur Sets New System  
for the Protection of Girls  
Wronged by Men

Judge Wilbur yesterday inaugurated a new system for the care of girls and young women whose charges against men defendants are sustained in disposing of the case of Richard O'Brien. It means such offenders, whether married or single, must legally acknowledge parentage of a child, says the Los Angeles Examiner.

O'Brien pleaded guilty to accusations made by eighteen-year-old Gladys Richter, and was put on probation for three years. "But you have got to do something to right the wrong you have inflicted on the complainant," said the court. "Here are the terms you must agree to before you can obtain your freedom: 'You must support the girl and her child the first year, paying her \$35 a month. 'The second year the amount will be \$25 a month, and the third year \$10 a month. You must also pay her doctor's bill of \$100. Does this proposition suit you?'"

O'Brien said he would gladly do all in his power to aid the young woman and her baby, and was willing to begin at once.

### HELEN KELLER TO LECTURE

Famous Deaf and Blind Woman to Go on Lecture Tour—Not to Go to Spanish Court

BOSTON, June 10.—Miss Helen Keller, the marvelous blind and deaf woman, has announced that she will next winter undertake an extensive lecture tour. Miss Keller, through her teacher and friend, Mrs. J. A. Macy, declared today that the cabled rumor that she would go to Spain to teach two of the royal children who are afflicted as she herself was, is not true.

### IN THE JUSTICE COURT WAS IN COURT ON BURGLARY CHARGE

Walter Hart's Preliminary Examination Set Today for  
Next Tuesday

Walter Hart, a colored bootblack, was arraigned today on a charge of burglarizing Blackman & Tiller's pool room. Hart was represented by Attorney Clyde Bishop. The preliminary examination was set for next Tuesday morning.

Hart was employed at the pool room. About \$195 was stolen from the place. Hart quit his work, and suspicion fell on him. He was brought back from Los Angeles by Constable Jackson.

### All But the House

Albert Mendoza, charged with immoral living, was today held to answer for trial. Mendoza was complained against by Manuel Corsero, who said that Mendoza ran away with Manuel's wife, the furniture, \$100 and two babies.

### Head in Gutter

E. Alcala, a Mexican, was loaded into an automobile yesterday by Constable Jackson and brought to the county jail. Alcala was asleep beside the road, his head in the gutter.

### Girdled Hips

The girdled hip is a step eastward in the new fashions that are generally working toward Japan. It has been said that the French dressmakers have agreed to adopt the Japanese costume as the working basis for their summer models, but one sees little that is really Japanese aside from the kimono sleeve and drop shoulder, says the Delinquent. In the meantime the nearer east of Bulgaria and the Balkan states are responsible for the long-waisted blouse and coat, with its wide sash dropped to the hip line. This type of blouse and coat is becoming very popular with young girls and slender women.

### AT THE COURTHOUSE PLAINTIFF GONE DISMISSAL ENTERED

Appeal Case Dropped by Judge  
Willis of Los Angeles,  
Sitting Here

This morning Judge Willis of Los Angeles, sitting for Judge West here, dismissed the action of Nellie Brown against E. W. Pyne, an appeal from the justice's court. The plaintiff's attorney appeared and stated that she had gone East, and asked for a continuance. Attorney Forgy for the defendant said that all legal notice necessary had been given, and trial was insisted upon, else dismissal. Dismissal without prejudice was given.

### SIXTY DAYS AT THE MOST

Shoup States that Final Settlement With Committee to Be Made Soon

ORANGE, June 10.—D. C. Drake, chairman of the right-of-way committee that worked to secure money and deeds for the P. E. extension from Santa Ana, has received a letter from Paul Shoup, president of the P. E. This letter states that Chief Engineer Pillsbury will make a final settlement with the committee soon, and that it is proposed to commence building the line within thirty days after final settlement and the granting of permission by the State Railroad Commission for work on roads and streets. It is believed that work will certainly be under way within sixty days from this date.

### Guaranteed Eczema Remedy

The constant itching, burning, redness, rash and disagreeable effects of eczema, better, better known as "itchy skin," itching skin eruptions can be readily cured and the skin made clear and smooth with Dr. Holman's Eczema Ointment. Mr. J. C. Cleveland, of Park St., says: "I had eczema twenty-five years and had tried everything. All failed. When I found Dr. Holman's Eczema Ointment, I found a cure." This ointment is the formula of a physician and has been in use for years and an experiment. "That is why we can guarantee it. All druggists, or by mail, Price 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis. Advertisement."

### Financial Explanation

"Well, sir," cried Mr. Riehop, "what does this mean? My daughter sitting on your lap, sir?" "Why, yes, Mr. Riehop," said Waggener. "You see, sir, I have just suggested a consolidation of our interests, and I have undertaken to act as a holding company until the merger is completed according to established forms." Harper's Weekly.

### As It Is Talked in Boyville

Two Fort Scott boys were quarreling. "I'll knock your block off if you bother me," one of them said. "No you won't," replied the other, "you can't do it. You ain't man enough." "Well, maybe not," answered the first belligerent, "but I'm just tellin' you that I'm dern fool enough to try it if you give me any more of that talk."

### Try Laughing at Yourself

In Woman's Home Companion in the course of a talk to girls about friendship with boys, appears the following wise observation: "It's not a bad idea at all to laugh at one's own failures. It indicates at least that you have imagination; that you can imagine how funny other people must think something that you have done."

### Contributed Quietly

"I didn't hear you sing or speak at the strawberry festival. Why don't you come forward and show some public spirit at these affairs?" "I did play a minor part. I gave the strawberries."—Washington Herald.
